www.linkedin.com/in/jasmine-j-319b1b4b/

PROFESSIONAL SUMMARY

Dynamic customer service professional with a decade of in-person communication expertise, now transitioning into UI/UX design. Proficient in Figma, Canva, and video editing, with ongoing training in HTML, JavaScript, and CSS. Passionate about creating seamless user experiences through design and functionality. Equally effective working independently or collaborating within a team to drive innovative solutions.

UI/UX DESIGN EDUCATION

Through CourseCareers' comprehensive UI/UX Design educational program, I have cultivated extensive knowledge and skills to become a proficient UX/UI designer. A key component of the curriculum involved a hands-on project where I guided an app through the complete User Centered Design process, from initial research and ideation to prototyping to user testing. This experience has equipped me to contribute effectively to design teams and create user-centric digital solutions.

Some of the skills I learned through this rigorous program include: UI/UX Design Principles, User Research, Sketching & Wireframing, Prototyping, Accessibility, Interaction Design, User Interface Design, Usability Testing, Figma, Figjam and Miro.

PORTFOLIO PROJECTS

THE MODEL CONNECTION CIRCLE (APP)

This app was designed to help models find work easily while building a community. By analyzing Instagram's shortcomings in professional networking, we identified key issues. Interviews and surveys with new and experienced models revealed their needs and challenges. Using these insights, we created a successful and satisfying product.
